EXPERIENCE

MAY 2023 – AUGUST 2023
Android App developer Intern

- Devised documentation for each app, detailing operation aspects, functions, capabilities and features.

- Designed user interfaces that engaged multiple senses and produced immersive experiences.

- Consistently used Android SDK to produce highly effective and nuanced content.

- Provided dedicated support and timely issue resolution to clients following successful app launch.

- Used third-party libraries, custom libraries and APIs to develop new applications.

EDUCATION

Bachelors of Science in Software Engineering – 2021 (In progress)
SZABIST, Islamabad

PROJECTS

- Smart MotorBike Care. - Gained basic android fundamentals, interacted with android studio and improved my UI development skills.
- Therapeuo- Gained experience in how to hit APIs and improved my frontend expertise.
- Reciblend - App UI design and UI development by myself and the idea itself too.
- Weather App - Complete App development is done by myself and the idea itself too.
- Cryptomine App _ App UI design and UI development by myself. And this is also available on play store.
